Mumbai/Bangalore

Skills

Ethereum

Go Ethereum
Web3
Truffle
Ganache

Kubernetes

Jenkins
Docker

ML Libraries

PyTorch
Sci-kit Learn

Distributed Computing

PySpark

Languages

Python
Solidity
JavaScript

Hobbies

- Bike Riding
- Trekking
- Football

OBJECTIVE

Ambitious engineer seeking professional growth and financial satisfaction

EXPERIENCE

Blockchain Engineer, Loonycorn Jan' 18 – Present

Technical lead cum Engagement manager for a team of 8

Ethereum

- Created Decentralised Web Applications
- Deployed Smart Contracts using Truffle and Web3
- Created front end using React and Drizzle

Kubernetes

- Implemented complete CI/CD using Jenkins pipeline
- Performed Rolling and Canary deployments

Neural Networks

- Trained CNN and RNN models in CPU and GPU (CUDA)
- Used Transfer Learning with dynamic hidden layers
- Trained and Deployed PyTorch models in all 3 Cloud Platforms

PySpark

- Achieved scalable and fault tolerant Structured Streaming
- Performed data analysis in Distributed Computing
- Pipelined basic ML workflow stages

Intern as Wordpress Designer

June'16 – Aug'16

Customised HTML and CSS webpages

EDUCATION

BE Electronics and Telecommunication 2017
Mumbai University

Certification

Sci-kit Learn Certification from Udacity
