# ABOUT THE SUMMIT

Akamai Technologies presents **The 2nd Annual SMART TECH BFSI** conference cum exhibition will take place on the 12th & 13th of May, 2017 in Goa, which will engage 200+ C' level delegates. This 2-day C-Parity event will address the key issues of banking transformation and innovation by bringing on board expert speakers from the industry to address and provide updated information and solutions to the challenges faced by the industry. Through case studies, presentations and panel discussions. This event would equally equip attendees with the appropriate technologies to perform proactively in order to stay on top of their business.

This conference proves to be a perfect platform for vendors to introduce their solutions/services to the key people, through exclusive workshops for first-hand experience of their product. Smart Tech BFSI is one of the most important conferences in India on Cyber Security technologies & new age banking solutions for financial sector. An intensive participation is expected to Smart Tech BFSI 2017 across India and other parts of the world. With over 120 attendees taking part last year it has rapidly become the key meeting point for CXO's in BFSI.

## KEY TOPICS

### Panel Discussions:

**How technology will transform banking:**  
Digital Challengers and IOT

**Intelligence vs. Artificial Intelligence:**
